Dee Park

March 2023

Have your say on the new open space at Dee Park!

You are invited to an open event for the proposed improvement of the Dee Park open space on Glenmore Place. We would like to hear from you regarding the delivery of this new park and open space as part of the wider regeneration of the area.

The event will be held on **Monday 13th March** at the **Strathy Community Centre**. Strathy Close, Reading RG30 2PP **(4.30-7pm)**.

We will be available to explain the proposals and answer any questions you may have and to get your feedback. HTA Design, the project architect, will also be on hand.

We hope you will be able to come along.

The proposal

Designs are being developed ahead of submitting a planning application in Spring 2023. The project team are engaging with the local community and stakeholders now to help shape the emerging proposals.

The new park will contain play equipment aimed at children up to the age of 11 and will be managed by the Council. The park will be designed to be inclusive with a range of equipment for both young and older children, constructed with high quality materials. Biodiverse planting, new trees and seating areas will also be included.
